Vellow Rever-Black Vomit.

It is too soon to forget the ravages of this terrible disease which will no doubt return in a more malignant and virulent form in the fall

months of 1879. MERRELL'S HEPATINE, a Remedy discovered in Southern Nubia and used with such wonderful results in South! America where the most aggravated cases of fever are found, causes from one to two ounces of bile to be filtered or strained from the blood each time it passes through the Liver, as long as an excess of bile exists. By its wonderful action on the Liver and Stomach the HEPA-TINE, not only prevents to a certainty any kind of Fever and Black Vomit; but also cures Headache, Constipation of the Bowels, Dys-

pepsia and Malarial diseases.
No one need fear Yellow Fever who will expel the Malarial Poison and excess of bile from the blood by using MERRELL'S HEP-ATINE, which is sold by all Druggists in 25 cent and \$1,00 bottles, or will be sent by ex-

QUEENS DELIGHT. The reports of wonderful cures of Rhenmatism, Scrofula, Salt Rhenm, Cancer, Ulcers and Sores, that come from all parts of the country, are not only remarkable but so miraculous as to be doubted was it not for the abundance of proof.

REMARKABLE CURE-of SCROFULA, &CU CASE OF COL. J. C. BRANSON.

Kingston, Ga., September 15, 1871,
Gents:—For sixteen years I have been a great
sufferer from Scrofula in its most distressing forms.
I have been confined to my room and bed for fifteen
years with scrofuleus ulcerations. The most approved remedies for such cases had been used, and
the most eminent physicians consulted, without any
decided benefit. Thus prostrated, distressed, desponding, I was advised by Dr. Ayer, of Floyd County, Ga., to commence the use of your Compound Extract Stillingia. Language is as insufficient to describe the relief I obtained from the use of the Stillingia as it is to convey an adaquate idea of the inlingia as it is to convey an adaquate idea of the intensity of my suffering before using your medicine; sufficient to say, I abandoned all other remedies and continued the use of your Extract of Stillingia, until, "I am cured of all pain," of all disease with nothing to obstruct the active pursuit of my profession. More than eight months have elapsed since this remarkable cure, without any return of the disease.

ease.
For the truth of the above statement, I refer to any gentleman in Bartow County, Ga., and to the members of the bar of Cherokeo Circuit, who are acquainted with me. I shall ever remain, with the deepest gratitude, Your obedient servant, J. C. BRANSON, Att,y at Law.

A MIRACLE. West Point, Ga., Sept. 16, 1870.

Gents:—My daughter was taken on the 25th day of June, 1863, with what was supposed to be Acute Rheumatism, and was treated for the same with no success. In March, following, pieces of bone began to work out of the right arm, and continued to appear till all the bone from the elbow to the shoulder joint came out. Many pieces of bone came ont of the right foot and leg. The case was then pronounced one of White Swelling. After having been confined about six years to her bed, and the case considered hopeless. I was induced to try Dr. Pemberton's Compound Extract of Stillingia, and so well satisfied with its effects that I have continued the use of it until the present.

My daughter was confined to her bed about six years before she sat up or even turned over without help. She now sits up all day, and sews most of her time—has walked across the room. Her general health is now good, and I believe she will, as her limbs gain strength walk well. I attribute her recovery, with the bleasing of God, to the use of your invaluable medicine.

With gratitude, I am, yours truly.

Neuralgia and cattarrh in the head ere terrible trouble. The papers are crowded with advertisements of nostrums claiming to be specifics, most of which I have no doubt are humbugs. Many people despise remedies that are simple and cost nothing but a little trouble; but there are others who can appreciate a good thing even if it is cheap.

The simple remedy I give is this: Frequently, say about three times a week, wet the whole head thoroughly thoroughly with cold water, run the fingers well through the hair givsing the scalp a good rubbing. Wipe the water well out of the hair: comb and cover in some way to keep the air off till dry.
